# Case Study: Port Trust Data Centre Consolidation

Synthetic case study of a fictional project for the TenderBridge demo.

## 1. Project facts

| | |
|---|---|
| **Project ID** | PRJ-004 |
| **Client** | Western Port Trust (fictional port authority) |
| **Client type** | Port Trust (Government) |
| **Contract value** | ₹19.80 crore (including taxes) |
| **Period** | 1 April 2017 to 31 August 2019 |
| **Status** | Completed |
| **Nimbus role** | Prime contractor (sole bidder) |
| **Data centre racks** | 24 |
| **Technologies** | HPE, Hyper-V, Commvault |
| **Completion evidence** | No client completion certificate in the knowledge base |

## 2. Client context

Western Port Trust ran three separate server rooms with ageing hardware.

## 3. Scope delivered by Nimbus

- Consolidation of three server rooms into a single 24-rack data centre
- Virtualisation of 212 servers onto 96 hosts
- 18 months of O&M after consolidation

## 4. Implementation timeline

| Period | Milestone |
|---|---|
| Apr 2017-Feb 2018 | Consolidation |
| Mar 2018-Aug 2019 | O&M |
| 31 Aug 2019 | Completion |

## 5. Team

Team of 18 at peak.

## 6. Solution and operating model

Delivery followed the Nimbus Service Delivery and Change Management Methodology (KB-POL-005) with tower-based teams and tool-driven reporting.

## 7. Outcomes

Server count reduced from 212 to 96 through virtualisation (illustrative synthetic figure). These figures are invented for the demo and must be cited only as case-study statements, not as audited results.

## 8. Governance

Monthly service review with the client chaired by the client's nodal officer; quarterly steering committee; SLA reports from tool data audited by the client's third-party auditor where one was appointed. Escalation: shift in-charge, project manager, delivery head, Nimbus VP - Public Sector Business.

## 10. Challenges and lessons learned

Migration windows were limited to port low-traffic hours; migrations were planned in 26 weekend waves.

## 11. Relevance notes for bid teams

Completed 31 August 2019. Check each tender's experience window; many windows start after this date.
