Case Study: Hybrid Cloud Migration for Agricultural Data Mission

Synthetic case study of a fictional project for the TenderBridge demo.

1. Project facts

Project ID	PRJ-006
Client	Central Agricultural Data Mission (fictional central agency)
Client type	Central Government agency
Contract value	₹13.50 crore (including taxes)
Period	1 August 2024 to 31 December 2026 (planned)
Status	Ongoing
Nimbus role	Prime contractor (sole bidder)
Data centre racks	16
Technologies	OpenStack, Kubernetes, Terraform, MeitY-empanelled CSP
Completion evidence	No client completion certificate in the knowledge base

2. Client context

The Central Agricultural Data Mission is moving 140 workloads from an ageing on-premise data centre to a hybrid cloud.

3. Scope delivered by Nimbus

- Landing zone on private OpenStack and a MeitY-empanelled cloud provider
- Migration factory for 140 workloads
- DevSecOps pipelines and 12 months of hypercare

4. Implementation timeline

Period	Milestone
Aug-Dec 2024	Assessment and landing zone
2025-2026	Migration waves
Dec 2026	Planned completion

5. Team

Team of 20 including the cloud architect and DevOps lead.

6. Solution and operating model

Delivery followed the Nimbus Service Delivery and Change Management Methodology (KB-POL-005) with tower-based teams and tool-driven reporting.

7. Outcomes

96 of 140 workloads migrated as of 30-09-2026 (illustrative synthetic figure). These figures are invented for the demo and must be cited only as case-study statements, not as audited results.

8. Governance

Monthly service review with the client chaired by the client's nodal officer; quarterly steering committee; SLA reports from tool data audited by the client's third-party auditor where one was appointed. Escalation: shift in-charge, project manager, delivery head, Nimbus VP - Public Sector Business.

10. Challenges and lessons learned

Legacy workloads with hard-coded IP addresses required re-platforming.

11. Relevance notes for bid teams

Ongoing. Do not cite as completed experience before the client issues a completion certificate.
